

Solar Capture

Health and Safety Policy Statement

Statement of Intent

Solar Capture senior management is committed to providing safe and healthy working conditions for the prevention of work-related injury and ill health.

The company is fully aware of its obligations under the Health and Safety at Work Act and related legislation and is fully committed to meeting those obligations.

The company will strive to ensure that the risks of personal injury, ill-health and damage to company assets through a commitment to involve workers through consultation and participation.

The company is committed to eliminate hazards and reduce OH&S risks

Organisation

The Chief Executive Officer of Solar Capture Technologies is ultimately responsible for the implementation of this policy.

The day to day management of health and safety is a line management responsibility and managers and supervisors are held accountable for the implementation of this policy.

Advice and guidance on health and safety matters are provided by a Safety, Health, Environment and Quality Consultant.

Arrangements

The successful management of health and safety is a key management objective and is achieved through the development of a formal Health and Safety Management System.

The company is committed to continuous improvement of the system with key improvement objectives being identified as part of the Management Review Process.

This policy statement will be made available to all staff and will be reviewed on an annual basis.
